

mine-associated structures that require MSHA approval.

(j) A statement of all lands, interest in lands, options, or pending bids on interests held or made by the applicant for lands contiguous to the area described in the permit application. If requested by the applicant, any information required by this paragraph which is not on public file pursuant to State law must be held in confidence by the regulatory authority, as provided under § 773.13(d)(3)(ii) of this chapter.

(k) After an applicant is notified that his or her application is approved, but before the permit is issued, the applicant must, as applicable, update, correct or indicate that no change has occurred in the information previously submitted under paragraphs (a) through (f) of this section.

(l) The applicant must submit the information required by this section and by § 778.14 of this part in any format that OSM prescribes.

[62 FR 19460, Apr. 21, 1997]

§ 778.14 Violation information

Each application must contain the following information:

(a) A statement of whether the applicant or any subsidiary, affiliate, or persons controlled by or under common control with the applicant has:

(1) Had a Federal or State coal mining permit suspended or revoked in the 5 years preceding the date of submission of the application; or

(2) Forfeited a performance bond or similar security deposited in lieu of bond.

(b) A brief explanation of the facts involved in any such suspension, revocation, or forfeiture referred to in paragraphs (a)(1) and (a)(2) of this section has occurred, including:

(1) Identification number and date of issuance of the permit, and the date and amount of bond or similar security;

(2) Identification of the authority that suspended or revoked the permit or forfeited the bond and the stated reasons for the action;

(3) The current status of the permit, bond, or similar security involved;

(4) The date, location, and type of any administrative or judicial proceedings initiated concerning the suspension, revocation, or forfeiture; and

(5) The current status of the proceedings.

(c) A list of all violation notices received by the applicant during the three-year period preceding the application date, and a list of all outstanding violation notices received prior to the date of the application by any surface coal mining operation that is deemed or presumed to be owned or controlled by the applicant under the definition of *Owned or controlled* and *owns or controls* in § 773.5 of this chapter. For each notice of violation issued pursuant to § 843.12 of this chapter or under a Federal or State program for which the abatement period has not expired, the applicant must certify that such notice of violation is in the process of being corrected to the satisfaction of the agency with jurisdiction over the violation. For each violation notice reported, the list must include the following information, as applicable:

(1) Any identifying numbers for the operation, including the Federal or State permit number and MSHA number, the dates of issuance of the violation notice and MSHA number, the name of the person to whom the violation notice was issued, and the name of the issuing regulatory authority, department or agency;

(2) A brief description of the violation alleged in the notice;

(3) The date, location, and type of any administrative or judicial proceedings initiated concerning the violation, including, but not limited to, proceedings initiated by any person identified in paragraph (c) of this section to obtain administrative or judicial review of the violation;

(4) The current status of the proceedings and of the violation notice; and

(5) The actions, if any, taken by any person identified in paragraph (c) of this section to abate the violation.

(d) After an applicant is notified that his or her application is approved, but

§ 778.15

before the permit is issued, the applicant must, as applicable, update, correct or indicate that no change has occurred in the information previously submitted under this section.

[62 FR 19460, Apr. 21, 1997]

§ 778.15 Right-of-entry information.

(a) An application shall contain a description of the documents upon which the applicant bases his legal right to enter and begin surface coal mining and reclamation operations in the permit area and shall state whether that right is the subject of pending litigation. The description shall identify the documents by type and date of execution, identify the specific lands to which the document pertains, and explain the legal rights claimed by the applicant.

(b) Where the private mineral estate to be mined has been severed from the private surface estate, an applicant shall also submit—

(1) A copy of the written consent of the surface owner for the extraction of coal by surface mining methods;

(2) A copy of the conveyance that expressly grants or reserves the right to extract coal by surface mining methods; or

(3) If the conveyance does not expressly grant the right to extract the coal by surface mining methods, documentation that under applicable State law, the applicant has the legal authority to extract the coal by those methods.

(c) Nothing in this section shall be construed to provide the regulatory authority with the authority to adjudicate property rights disputes.

§ 778.16 Status of unsuitability claims.

(a) An application shall contain available information as to whether the proposed permit area is within an area designated as unsuitable for surface coal mining and reclamation operations or is within an area under study for designation in an administrative proceeding under parts 762, 764, and 769 of this chapter.

(b) An application in which the applicant claims the exemption described in § 762.13(c) of this chapter shall contain information supporting the assertion

30 CFR Ch. VII (7–1–99 Edition)

that the applicant made substantial legal and financial commitments before January 4, 1977, concerning the proposed surface coal mining and reclamation operations.

(c) An application in which the applicant proposes to conduct surface coal mining activities within 300 feet of an occupied dwelling or within 100 feet of a public road shall contain the necessary information and meet the requirements of § 761.12 of this chapter.

§ 778.17 Permit term.

(a) Each application shall state the anticipated or actual starting and termination date of each phase of the surface coal mining and reclamation operation and the anticipated number of acres of land to be affected during each phase of mining over the life of the mine.

(b) If the applicant requires an initial permit term in excess of 5 years in order to obtain necessary financing for equipment and the opening of the operation, the application shall—

(1) Be complete and accurate covering the specified longer term; and

(2) Show that the proposed longer term is reasonably needed to allow the applicant to obtain financing for equipment and for the opening of the operation with the need confirmed, in writing, by the applicant's proposed source of financing.

§ 778.18 Insurance.

An application shall contain either a certificate of liability insurance or evidence of self-insurance in compliance with § 800.60 of this chapter.

§ 778.21 Proof of publication.

A copy of the newspaper advertisements of the application for a permit, significant revision of a permit, or renewal of a permit, or proof of publication of the advertisements which is acceptable to the regulatory authority shall be filed with the regulatory authority and shall be made a part of the application not later than 4 weeks after the last date of publication as required by § 773.13(a)(1) of this chapter.
